

# Jet+ / JFR

## Jet Stream Spray

### Product Features

- Anti-insect devices
- Motionless operation

### Applications

- Orchards

### Product Options

Flow Rates (at 30 psi)

Jet+: 8.1, 10.5, 13.9, 17.4, 20.3, 27.7 gph

JFR: 6.1, 7.9, 10.8, 14.0, 18.5, 25.1 gph

### Operating Guidelines

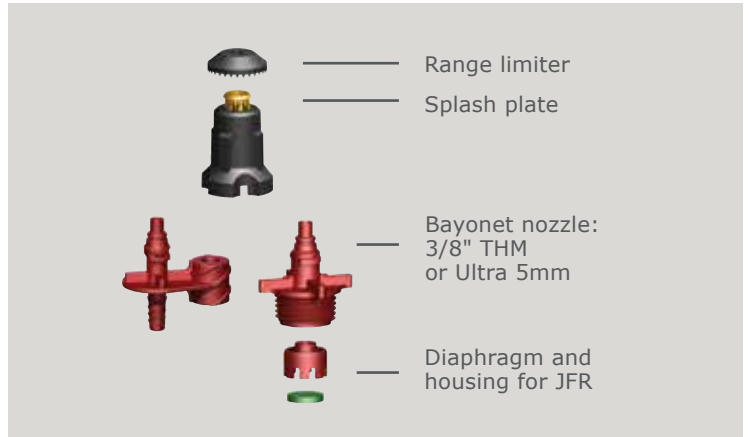

Operating pressure range

Jet+: 22-44 psi

JFR: 22-50 psi

The Rivulis Jet+ and JFR Jet Stream Sprays offer a unique package of features that deliver high performance in orchard applications. Included in the features of the Rivulis Jet+ and JFR Jet Stream Sprays are anti-insect devices, retracting splash plates, and motionless operation. And with the JFR Jet Stream Spray, you get the added feature of flow regulation. The Jet+ and JFR Jet Stream Sprays are available in half, partial, and full circle patterns and can be combined with snap-on range limiters for watering young trees. Get the features you need for a precise, dependable irrigation system made to last throughout the entire season.

# Jet+ / JFR Jet Stream Sprays

## Jet+ - Maximum Recommended No. of Jets on Irrigation Laterals

Nozzle Color (flow)	Wetting Diameter	Emitter Spacing	Pipe Internal Diameter (inch)			
			0.62"	0.72"	0.83"	1.06"
(gph)	(ft)*	(ft)				
Light Blue (8.1)	13.7	10	28	37	48	72
		15	24	32	41	62
		20	22	29	37	56
Black (10.5)	15	10	24	31	40	61
		15	20	27	35	52
		20	18	24	31	47
